

Your trusted source for Colorado winter driving.

Making your winter driving experience safer, faster and better

A safe vehicle, winter tires and tread depth are essential for a secure winter driving experience. If conditions require, these laws could be implemented:*

Traction Law: All motorists are required to either have an all-wheel or four-wheel drive vehicle, or mud/snow tires (M+S icon), winter tires (mountain-snowflake icon), or tires with an all-weather rating by the manufacturer.

All tires must have a minimum of 3/16" tread depth.

Chain Law: Every vehicle must have chains or an approved alternative traction device

*From Sept. 1 to May 31, the Traction Law is active on Interstate 70 from Dotsero to Morrison.

Stav informed about the latest winter driving happenings to guide vour travels.

Visit: COtrip.org. winter.codot.gov or call 511 for traffic updates. weather forecasts and additional travel resources

I-70 Mountain

Be prepared so you can drive the I-70 Mountain Corridor like a pro. Visit winter.codot.gov or Gol70.com for traffic updates. weather forecasts, peak time deals and more

Winter Operations

CDOT works tirelessly throughout the winter to ensure the safest road conditions possible.

Tandem Snowplow Law: It is illegal for drivers to pass a snowplow operating in tandem formation with one or more snowplows. The snowplows have the right-of-way.

Visit winter.codot.gov for information on how you can do your part to help CDOT with snow removal, avalanche mitigation and other winter operations.
